

Connie Babb

Director of Student Information

Email: babb@longleafschool.com

Connie Babb, Longleaf's Director of Student Information, comes to the school with a wide variety of experiences. A North Carolina Teaching Fellow, Connie spent ten years teaching Spanish at the high school level. In addition to teaching, Connie has sponsored after-school activities including a Robotics Team and a Gay-Straight Alliance. An inveterate gamer and graphic novel enthusiast, she is married to Kevin Babb, a computer programmer. They currently head a family that includes The Marbles Cat, The Gizmo Pup, and recently added a son they lovingly refer to as "Squish".

Connie has never met a stranger, which makes her role in records a perfect fit for Longleaf. She especially loves it when students drop by to test out their Spanish conversation skills. As Dr. Broome says, "Connie's teaching experience, coupled with her previous experiences as a secretary, testing coordinator, and school scheduler, make her an invaluable asset on the administrative team."
